

# OUR CABIN LIFT WITH AUTOMATIC RUN

## Aritco 9000

Datasheet 2024

Aritco 9000 is our cabin lift for the accessibility market. The lift is designed to meet all requirements for quality, safety and service. It is a perfect fit for tough and demanding environments such as schools, shops and residential buildings.

### Several advantages offered by Aritco 9000:

- Design, sizes and options tailored to public environments
- 95% recyclable materials
- Patented screw/nut technology (no oil that can leak)
- The lowest maintenance and operating costs on the market
- Cabin control: Automatic "one-touch"

# Explore ARITCO 9000

## Key features

Aritco 9000 comes with customization possibilities. When it comes to design and possibility to customize the lift, you can choose from more than 200 different colours, 2 different glass types and 7 different floors. The lift is very practical and smart and gives everyone access to different floors in public & commercial buildings. It comes in two different sizes, in which you can fit a stroller or a wheelchair. It's reliable and has a robust design that can handle tough public & commercial environments. The lift is equipped with our SmartSafety system, with safety features, to meet all situations that can occur in public & commercial spaces, as well as to prevent accidents.
